- Basic & Advanced FESS and Rhinoplasty
- Basic & Advanced Temporal Bone Course Dissection

WHAT DO OUR SPONSORS HAVE TO SAY?

1

It's been 4 years that we are participating as Gold Sponsor of Dubai Otology, it serves as a vital platform to show Medtronic's new products & technology in ENT range. This year the highlight of our participation is the navigation system with ENT Drills and Shavers for the finest surgeries and the ENT essentials like hearing aid and sleep apnea products.

Sarah Rifai
Regional Training & Education Specialist Medtronic

2

We are happy to be here since we've been participating for many years, we're glad that we have this opportunity to be in touch with the professionals from UAE & beyond; listen to lectures and be updated with the latest developments in the field. The speakers list and the topics are very well selected. It's exciting and the level of professionalism is excellent.

David Raetz
CEO and Regional Director Middle East «Med-El»

3

Being here is the right thing to do as we introduce our products to the surgeons and audiologists. It's quite exciting as we launch Cochlear's new sound processor, new BAHA devices and new cochlear implant electrodes. It's our way to tease the doctors with the new technology which is an advantage for us.

Egwin Van Den Heuvel
Training Manager «Cochlear»

WHAT DO OUR SPEAKERS HAVE TO SAY?

1

With advances happening extremely fast, it has been an excellent conference. I have learned a lot and hope that some insights I share help doctors in their practice. It has been very good this year and the organization is excellent.

Dr. Tristram Lesser, MD, FRCS
Consultant ENT and Skull Base Surgeon
Aintree University Hospital, NHS Foundation Trust,
Liverpool, UK

2

The organizing committee should keep up the good work. Every year it gets better, it reveals an innovative way of presenting novel information to different types of doctors. The conference has a very high-quality scientific content.

Dr. Hassan Wahba, MD, PhD
Professor of Otolaryngology, Faculty of Medicine
Ain Shams University, Cairo, Egypt

3

It's a leading conference in the Middle East which is highly specialized in Otology, Neurotology & Skull Base Surgery. It's mandatory to have specialized conferences like this to share information, new ideas and expertise in the field.

Dr. Hassan Al Shehri, MD
ENT Consultant, Otology, Neurotology
& Lateral Skull Base Surgery
Ministry of Health, Riyadh, Saudi Arabia
